JOB ANNOUNCEMENT

Job Title: Clean-up

To Whom Responsible

Shop Forman

Job Purpose:

Entry-level machinery and parts cleaner. Cleaning and preparing parts for painting is an essential step in equipment manufacturing. It is necessary to ensure a quality appearance and finish.

Job Duties:

- Clean machine frames, parts and welded items of debris.
- Prepare parts and items for painting.
- Maintain machinery by keeping mechanical parts clean and free from debris.
- Have mechanical skills to work on equipment as needed.
- Use forklift or appropriate equipment to move and handle parts.
- Other duties as assigned by lead worker and management.

Skills/Qualifications:

- Minimum education required; High school diploma or GED.
- Skills required; ability to safely use hand tools (grinders, scrapers, sanders).
- Good attention to detail.
- Self-motivated
- Ability to communicate with other coworkers and supervisors.
- Lifting up to 75 lb.
- Use necessary protection equipment, eye protection and foot ware required at all times.

Additional Responsibilities:

- Each worker supplies personal tools for general mechanic & assembly duties. Parma Company supplies the specialized & pneumatic tools.
